| 2.3                     | SL confirmed that the case discussed at the previous meeting under 4.18 has been resolved and wanted to give credit to PR   |       |

| 2.12                    | SL stated that she met with Claire Thorogood (Leasehold Manager) who explained whole leasehold process and offered Forum members a copy of the Leasehold Guide to Major Works. All Forum members would like a copy.                           | KD    |

- 2.13 BP noted that on the 2<sup>nd</sup> Wednesday of every month there is a Leasehold meeting in Town Hall. There were over 150 leaseholders at the last meeting.
- 2.14 7.8 RB would also like to attend the lifecycle meeting with SL, JV and PR.

### **3. Revenue Account and Rent**

- 3.1 SL suggested that to save time the item was omitted because the rent is fixed by the Council regardless of the Forum's feedback.
- 3.2 EB reminded the Forum that before the meeting started there was a discussion about the Housing Revenue Account.
- 3.3 SJ confirmed that the Revenue Account and how Council housing is funded has been reviewed and there has been a rethink about how it will be funded in the future.  
Currently LBI is a net receiver of grant. At present, all Councils contribute to a pool and then this is shared out. LBI is the 6<sup>th</sup> highest receiver of funding in the country. These changes could affect the amount LBI gets.
- 3.4 LBI has held a focus group for residents.
- 3.5 The Ministers position is that to legislate on this could take 2-3 years and therefore the Government has said that Councils have to agree a settlement themselves.
- 3.6 LBI is expecting to get an offer from Government about a settlement where it no longer receives a subsidy and will get more money to manage its affairs. LBI's debts would be written off and they would get an amount of money to run housing without recourse to a subsidy system. The huge national debt would be redistributed around the country. Discussions are taking place around how much debt each LA will get.
- 3.7 BP highlighted that the Council's consultation period ends this week and that during the last 12 weeks residents should have been a consulted. BP has only found 2 boroughs that have done this properly. Residents haven't had adequate consultation before council have put in document. Islington may inherit a lot more debt.

#### **4. Amendments to LBI Secure Tenancy Agreement**

- 4.1 SJ introduced this item and stated that LBI are in process of reviewing the secure tenancy agreement to acknowledge problems such as dogs and laminate flooring
- 4.2 The Forum discussed pets and how the existing tenancy conditions should be used to deal with problems.
- 4.3 SJ confirmed that the proposals are an amendment to the tenancy conditions and did not affect leaseholders.
- 4.4 CM suggested that option 4 is not suitable because people may have sole access to part of a garden but this may be part of an overall shared garden.
- 4.5 MA stated that guide dogs should be an exception
- 4.6 CG suggested that we apply the new conditions to existing tenants who want to get new pets.

The Forum were asked to vote on whether the tenancy conditions should instruct residents to seek permission to keep traditional pets.
