

NON LINEAR

Kickstart your creative career with Non Linear; a free, hands-on Creative + Digital Foundations Programme designed by UAL's Creative Computing Institute, Failsafe Collective, and leading industry partners like Frieze, Publicis and Universal Films.

What you'll gain:

- Industry-ready skills and access to placements
- AI fundamentals for creative sectors
- Real-world briefs and work experience
- A portfolio piece that stands out
- Creative habits to build your future

Our 6 guiding principles:

Participate. Purpose. Process. Practice. Play. Pause.

Course breakdown:

Chapter 1: Creative community and storytelling (Failsafe, A New Direction)

Chapter 2: Machine learning content creation (UAL's Creative Computing Institute)

Chapter 3: Industry briefs and work experience (partners from film, tech, and more)

Who we're looking for:

- Aged 18–35
- Living in Camden, Islington or Hackney
- We especially welcome applicants who are:
 - Unemployed or from low-income households
 - From global majority backgrounds
 - Disabled
 - Women or non-binary

Key dates:

Application deadline: 10 October

Assessment day: 22 October at Good Growth Hub, Hackney Wick

Course dates: 10 November 2025 - 27 February 2026

(Mon-Wed, 10am-5pm; dates may flex)
