

Sky Gardening Challenge 2026

Live in a flat or an apartment?

Free gardening workshops

Share in the joy of gardening this spring and bring colour to balconies and window boxes across Islington as part of the National Trust Sky Gardening Challenge.

To help you get started with the Sky Gardening Challenge, the National Trust has set up a series of free hands-on workshops. Explore the basics of gardening and growing edible plants and vegetables on your balcony or in your window box. No need to bring anything, there will be free compost, seeds and plants for participants.

Sign up for a free gardening handbook and seeds, book a workshop space or find more info here: nationaltrust.org.uk/sky-gardening-challenge

Workshops supported by  L&G
